	<div>EXPLANATORY STATEMENT - (Continued)</div> <div>BUDGET MESSAGE</div>	
<div>2005 Municipal Budget Message</div> <div><p>The Rocky Hill Local Municipal Tax rate for 2005 will be increasing for the first time in eight years and only the second time in the last fourteen years. As was noted in the 2004 Budget Message, this increase of ten cents per one hundred dollars of assessed value, was expected due to the continuing deterioration of the Borough's fund balance (Surplus). Since 2000, the surplus has dropped from almost \$600,000 to \$314,000 at December 31, 2004. The 2005 Budget will use \$288,000 of this balance, leaving only \$26,000 in this account.</p><p>The need for a tax increase can be directly attributed to the amounts needed to finance the various road overlays, land acquisitions, park improvements, building improvements and purchases of fire and first aid vehicles. Since 1994, the Borough has authorized almost \$3 million for capital projects to improve the safety of our citizens and maintain our infrastructure. Of this total, more than \$2 million has been fully paid through prior budgets, \$550,000 is owed to the State (Green Acres Program) and payable in semi-annual installments through 2017, and \$433,000 has not been permanently financed. Additional future costs for the development of Van Horne Park, a new Fire Truck and improvements to the fire house could easily exceed \$1 million.</p><p>The Borough continues to utilize a conservative approach to utilizing revenues. The policy has been, and remains, to collect revenues from sources such as cellular antennae rentals before spending these funds through the subsequent municipal budget. This policy not only eliminates any possibility of a budgetary deficit, it also allows for the financing of capital projects from cash on hand, and saves the taxpayers both the costs of selling bonds to finance these projects and the annual interest costs that must be paid to bondholders. Based upon the current status of unfunded projects and the estimated costs of new projects and acquisitions, a tax increase was inevitable. To put the composition of the local tax in perspective, consider that the 2004 local tax levy was \$326,000, while the amount of capital appropriations and Green Acres loan payments was in excess of \$173,000. Clearly, the Borough's operating costs could be financed without a tax increase if not for the need to finance these big ticket items. Long-term planning for the Borough focuses on anticipated capital improvement projects which traditionally (and as a matter of practicality) cannot be financed through operating budgets. The Borough's multi-year capital projections are found on sheets 40 thru 40d.</p><p>Although the Borough has managed to accumulate \$365,000 for equipment acquisitions and capital projects, the remaining balances of approved projects and the estimated costs of additional capital acquisitions and infrastructure maintenance indicate that significant additional funding will be required. The additional \$61,000 per year that a \$0.10 increase in taxes will yield will greatly improve the Borough's ability to avoid the issuance of debt going forward.</p></div>

	BUDGET MESSAGE	
2005 Municipal Budget Message (Continued)		
<p>The 2005 budget includes the funding for continued traffic enforcement by the South Bound Brook Police. These costs have been largely offset by in increases in Municipal Court Fine revenue. This budget also funds a much needed addition to the Borough's staff; a Deputy Clerk. The budget also provides funding for a new computer system which will improve internal controls as well as efficiency in all phases of financial accounting and reporting. In addition, the Borough was able to increase contributions to our emergency services by 15% to help alleviate operating deficits.</p> <p>The 2005 Water &amp; Sewer Budget requires an increase in rates from a combined rate of \$8 per 1,000 gallons to \$9 per 1,000 gallons. The quarterly minimum bill will also increase from \$48 to \$54. As was noted in the 2004 Budget Message, this increase was required to generate funds to finance two major water line replacements which cost the Borough \$200,000, of which \$136,000 remains unpaid. It is estimated that the rate increases will generate almost \$14,000 per year, thus allowing for the balance to be paid within 10 years. The last increase in water &amp; sewer rates occurred in 2003.</p>

CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM

This section is included with the Annual Budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend funds. Rather it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement fund, or other lawful means.

CAPITAL BUDGET

- A plan for all capital expenditures for the current fiscal year.  
If no Capital Budget is included, check the reason why:

- ☐ Total capital expenditures this year do not exceed \$25,000, including appropriations for Capital Improvement Fund, Capital Line Items and Down Payments on Improvements.
- ☐ No bond ordinances are planned this year.

CAPITAL IMPROVEMENT PROGRAM

- A multi-year list of planned capital projects, including the current year.  
Check appropriate box for number of years covered, including current year:
  - ☐ 3 years. (Population under 10,000)
  - ☐ 6 years. (Over 10,000 and all county governments)
  - ☒ 4 years. (Exceeding minimum time period)
- ☐ Check if municipality is under 10,000, has not expended more than \$25,000 annually for capital purposes in immediately previous three years, and is not adopting CAP.

## NARRATIVE FOR CAPITAL IMPROVEMENT PROGRAM

To Residents of the Borough:

The Capital Budget and Capital Improvement Program are instruments with which the Mayor and Borough Council can effectively plan and monitor the Borough's future capital improvement needs.

At present, there are several known or anticipated capital projects and acquisitions that are in the developmental stage. These include:

- Various Road, Curb & Sidewalk Projects
- Fire House Rehabilitation
- Fire Truck Acquisition
- Borough Hall improvements (Windows)
- Somerset County Park Improvements

The amounts included as estimated costs are very rough estimates and are not intended to convey any sense of reliability at this point in time.

As the scope of these projects are established and estimated costs are developed by professionals, ordinances authorizing these projects will be prepared. Prior to the adoption of any ordinance authorizing capital expenditures, a public hearing will be held to provide input from taxpayers and other interested persons.
